PRESS RELEASE

In order to provide necessary service to the people, Mason County Government offices will remain staffed throughout this COVID-19 health emergency. However, county office buildings will implement very limited access to the general public to maintain maximum **social distancing** to provide for the continued health and safety of county employees and the citizens we serve. County services are accessible online and by telephone for all of your business and personal needs. County office buildings remain accessible to staff and employees of Mason County Government until further notice. You are encouraged to visit the county web site for details and feel free to call the office that provides the assistance you require. Some of the services provided by county government may require a personal visit. For personal service needs that require face to face contact, please call the appropriate office for an appointment. We **cannot** allow crowds or long lines to develop in the offices. Therefore, please do not come to the Mason County Courthouse or other county offices without calling first as you may not be able to access for immediate assistance. It is our hope these changes will be short-term. You can access Mason County Government's web site at www.masoncountykentucky.us, click on "links" to access each departments contact information to the far right of the page. If you do not have access to the internet, please call Mason County Judge/Executive's office at 606-564-6706. Thank you for your understanding and patience of these efforts to contain and minimize COVID-19's impact on our great county.

Joseph P. Pfeffer,
Mason County Judge/Executive
